An unshakeable alliance

If you had to sum up the last year in one word, what would it be? Suffering? Isolated? Lonely? Exhausting? Depressing? Infuriating? Shaken? Everything seems so much less certain. We want to return to what is familiar and normal, but we're not there by a long shot.

Many sectors appear to be wobbly. The jobs we hold; the organisations we are part of; the way society operates; retail trends; travel restrictions; money and energy supplies have all become variable. We have had to learn to be more flexible. Institutions providing justice, health care and education have had to adapt simply to continue. The switch to all being 'online' has yet to revert to pre-pandemic style of personal contact. Even the nations on the world stage seem less certain. The new security deal between the AUKUS (Australia, UK and USA) is to maintain regional peace and stability in the Indo-Pacific.

We are encouraged by the Bible to consider what is truly stable and continuous. The New Testament contrasts earth and heaven: *"Once more I will shake not only the earth but also the heavens". The words "once more" indicate the removing of what can be shaken – that is, created things – so that what cannot be shaken may remain'* (Heb 12v26b-27). The world is limited in what it can offer, because it is fallen and will one day pass away. One day in the future God will give everything a big shake up to establish the future reality of His eternal Kingdom: *'Therefore, since we are receiving a kingdom that cannot be shaken, let us be thankful, and so worship God acceptably with reverence and awe, for "Our God is a consuming fire" '(Heb 12v28-29).* God is holy and just: he determines the future reality. Gratitude and worship are due in the light of the salvation He alone gives.

In our morning services we are exploring together Jesus' teaching about the Kingdom. Do join us as we discover more about what will last forever and so how we then should live.

Paul Kingman

We all get one life to live and deep down we're all asking the same question – what's it all about?

'Christianity Explored' gives you time and space to consider the big questions of life and to explore the life of the person at the heart of the Christian faith - Jesus Christ.

- You don't need to know anything about the Bible
- You won't be asked to read aloud, pray or sing
- You can ask any question you want, or just listen

Everyone is welcome: from the most sympathetic dyed-in-the-wool churchgoer to the convinced atheist. We will respect your background, culture and beliefs, and you can tell us as little or as much about yourself as you feel comfortable.

Our aim is to help people investigate Christianity in a relaxed and accessible way, and we encourage guests to come with all of their questions. In just a few weeks we won't be able to cover everything, but many people have found the course to be a good introduction to the big issues. You will also get a chance to take away and read one of the eyewitness accounts of Jesus' life over the duration of a course, and there are options for further investigation afterwards if you find you are still interested. Who was Jesus? Why did he come? What does it mean to follow him?

When? Sundays at 6pm from 10th October (7 weeks).

Where? Christ Church Centre, Christchurch Way, Stone

Pilgrims passed through Stone

Pilgrims following in the footsteps of St Chad across Staffordshire stopped to take in the new statue of the first Bishop of Lichfield as they arrived in the city.

The Community of St Chad Pilgrimage began at Westport Lake in Stoke on 6th September and followed the Two Saints Way – named after St Chad and St Werburgh – through Stone, Stafford and over Cannock Chase before arriving at the cathedral on the afternoon of Friday 10th September.

St Chad was the 7th century patron of Lichfield Cathedral and the first bishop of the Diocese of Lichfield which, at the time, covered the vast Saxon kingdom of Mercia. Chad died on 2 March 672 and next year will mark the 1350th anniversary of his death. The statue, made by sculptor Peter Walker, was unveiled this summer as a focus for celebrations as Chad's influence continues for centuries to come, as people seek a place where they can find healing, wholeness, meaning and stability, not least as we navigate our way out of the pandemic.

The Community of St Chad (CSC) draws inspiration from Chad's life in an expression of modern-day monasticism. It has a geographically dispersed membership united by a common commitment to a spiritual lifestyle shaped by five Rhythms of Grace, and by participation in a Spiritual Companionship Group.

The pilgrimage marked a farewell to retiring CSC co-leader the Revd Philip Swan who walked the full distance of almost 50 miles with his wife Charlotte and others who joined for various legs of the walk. Following a stop-off at the statue, the pilgrims took part in a hand over and commissioning of the Revds Rosanne Wilshire and Chris Precious, at the nearby St Chad's Well. Chris and Rosanne have taken over from Philip and Lindsey Hall as the Community's new co-leaders.

Philip said: "From the waters of Westport Lake in Stoke to the waters of Saint Chad's Well in Lichfield. It has felt like a great way to say farewell to friends and places after 12 years in the diocese. I walked the inaugural walk of the Two Saints Way in March 2012, which also marked the birthing of the Community of Saint Chad, and have walked parts since – particularly my favourite section through Stoke.

"Thank you to those who journeyed alongside Charlotte and me, some for the whole 5 days and over 50 miles, others for a day or part of a day, for profound sharing, in word and silence, for urban and rural beauty, for opportunities to recall and give thanks for the gift of these years. Thank you Richard Barrett for the logistics done with such kindness. And to Chris Precious and Rosanne Wilshire as they take over leadership of the Community of Saint Chad. The best is yet to be!"

Lindsey Hall, co-leader of the community since 2013, shared the following prayer which was used at the handover service at St Chad's Well: "The community holds us, both gathered and dispersed. Today, I am wholeheartedly with you as we bless the next chapter of Philip's journey and welcome Roseanne and Chris. I pray that they will be blessed by the community as Philip and I have been and that for all of us, the rhythms of grace will continue to lead us into deeper likeness of Christ who invites us to watch with him, walk with him and to learn his unforced rhythms of grace."

There are several Chad-inspired pilgrimage routes, including a new 475-mile stretch from Lindisfarne, where Chad's monastic foundation took place, to Lichfield which is currently being walked by groups in a relay system and is set to reach Lichfield by St Chad's Day, 2 March 2022.

This is my body given for you

A photograph of a family member or dear friend is more than a piece of paper. At a particular moment and place, light from the subject of the photo entered a camera. Then after a complex process using the camera, computers, and printer it is transferred to the paper.

You handle the photo with care, because as a result of this complicated process the photographic paper contains a unique reference to your loved one.

If you show the picture to a friend it would be crazy for you to say "look at this nice piece of paper!" You would mention the name of the person on the photo, and possibly the circumstance under which the portrait came to be taken. Many family photos are associated with a graduation ceremony, or a wedding, or some other significant event in the ongoing life of the family. The photo is far more than a mere piece of paper, as it is able to bring a person and a treasured memory into focus again for us.

When we celebrate Holy Communion we expose an ordinary piece of bread, to the words and actions that Jesus used at the Last Supper. Just as most of us could never explain all the intricacies of how a photo is transferred to an image on paper, so we are not able to explain what actually takes place in that sacred act of remembrance in the Eucharist.

Suffice to say that something of the great sacrifice made by Our Lord Jesus Christ on the Cross, and something of his living presence through the Resurrection are conveyed wonderfully and mysteriously in the sacrament. I am content to know that when the words of Consecration are said over the bread and wine as Jesus himself commanded us to do, what we see and hold and consume is so much more than just bread and wine.

Zion will be delivered with justice, her penitent ones with righteousness. But rebels and sinners will both be broken, and those who forsake the Lord will perish. Isaiah 1:27-28

Barnabas Fund has nominated the week beginning Sunday 31st October 2021 as a time for prayer for the Suffering Church – Action and Awareness Week.

Based on the firm belief that the LORD our God saves, the following prayer by Patrick Sookhdeo can be used in addition to the daily devotional and prayers in their booklet:

God our rock,

Be with us in this time of trouble.
Be with our brothers and sisters
Who are marginalised and despised.

God our comforter,

Be with us in this time of trial.
Be with our brothers and sisters
Who endure violence and injustice.

God our protector,

Be with us in this time of evil.
Be with our brothers and sisters
Who are persecuted for Christ.

God our healer,

Be with us in this time of sickness.
Be with our brothers and sisters
Who live with suffering and death.

God our hope,

Be with us all and restore us again
That we may sing Your praises
In the house of the Lord.
In the Name of Christ, Amen

Global Week of Prayer 2021

MAF has nominated the week commencing Sunday 31st October – 7th November 2021, as a time of united prayer for their workers and the people they serve. This year's prayers focus on the words: 'Trust Me'.

Surely God is my salvation; I will trust and not be afraid. The Lord, the Lord himself, is my strength and my defence; He has become my salvation." Isaiah 12:2

Millions of people across the world cannot access basic medical care, clean water, or education, or receive the Good News of God's love, simply because it's too dangerous or time-consuming for outsiders to reach them. MAF provides flights for 2000 aid, development, and mission organisations, enabling them to help vulnerable people in hard-to-reach places. MAF also provides emergency medical evacuations and brings life-transforming hope to these people through the sharing of the Good News of Jesus Christ.

A special prayer diary will be included in the October–December edition of MAF's magazine: Flying for Life. A digital copy, together with an online prayer calendar, will be available from their website in October:

Blackberry Season

October comes and what a wonderful blackberry season it has been. The local blackberries have been exceptionally large, hanging like black diamonds in the hedgerow.

Everywhere there has been a beautiful abundance, elderberries, wild raspberries, rose hips, damsons (but only if you are really quick) and many other fruit. A cornucopia for the birds and what a pleasure it is to stroll out and pick a few blackberries.

(continued)

Blackberry Season *(cont)*

I don't have to weed or feed them or tend to them in any way; there they are freely available just waiting to be picked. It is a special pleasure to have something so freely given.

Never forget that there is one gift that you don't need to brave thorns or nettles for, one gift that you don't have to go on a walk to find because the Bible says:

.....but the free gift of God is eternal life through Jesus Christ our Lord. (Romans 6: 23b)

P.S. For those of you who read about the durian fruit last month, I have seen one! A wonderful shop in Mill street, Stafford sells them. My niece and I were fascinated when we found the shop. Readers I did not purchase! *Enid*

PCC News

The PCC held meetings on 7th July and 8th September. During the meetings the following matters were discussed:

- An inspection of the Church Centre's exterior windows revealed that repairs are required to frameworks of some windows. After these repairs are completed all the windows will be repainted.
- After much discussion regarding how to move forward with church services, in a Covid-safe manner, it was agreed to continue to encourage the wearing of face masks and sanitising hands. The use of alternate pews will also remain. It was confirmed that Sunday School would restart on 12th September with sessions to be held outside, weather permitting, as much as possible.
- Groups wishing to use the church or centre will be required to submit a Covid Risk assessment and will have to follow the PCC's agreed guidelines for maximum numbers. (These will be regularly reviewed dependent on up-to-date government and church guidance).
- The PCC thanked Mrs M Hillman organising all the work that was carried out on the church garden.

The next PCC meeting will be held on Wednesday 17th November at 7.30pm. *Shelagh*

Having had to adapt the Christchurch Children and Families' work to virtual-only methods throughout the pandemic, it is now with great pleasure that we are able to give an update as in-person work returns!

We are excited to announce the return of Sunday School at Christchurch! We had our first session on the 12th September, where we ran a biblical-themed scavenger trail. This took place outdoors – thankfully it didn't rain! With clues, riddles, and lots of hunting and running around, we hope that those who attended had a great time, and that the fun of the scavenger hunt has them fired up for the coming sessions! We are incredibly grateful to God for the opportunity to meet face-to-face with friends old and new, and for the great turn out of children and their parents. We pray for His wisdom and guidance as we settle back into a (hopefully!) consistent rhythm of Sunday School, and for these sessions to be helpful for the children as they grow to be young disciples of Christ!

In the future we also hope to start up a midweek club for the children, echoing the kind of content that we produced in video form for our Ebenezer youtube series. We will be learning more about how this will look from the experience of Sunday School in the coming weeks, so please do pray for these plans as well!

As term starts back at school for children of all ages, so too does our schools' work! So far, it's been something of a mixed bag. We are back to doing our Open the Book assemblies (for the first schools) via video format, due to covid concerns. We pray for this situation as it develops, and thank God that we have the option to send in pre-recorded OTB assemblies as a way of reaching the children while keeping everyone safe. A big thank you also to the OTB team for all their hard work, particularly in having to adapt to ever-changing situations!

(continued)

The lunchtime Pursuit club has started back up at Christchurch Academy! We are grateful for the opportunity to interact face-to-face with the children once more, and for all of the hard work that the staff put in to allow us to bring the good news about Jesus to these children's Tuesday lunchtimes! Please pray going forward that this club will bear fruit, whether now or in the future, in bringing the children to Christ.

Finally, we are also in Christchurch Academy every Thursday (and via video format) to deliver assemblies to the various year groups. Our new series is on Joseph's life, and what we can learn from his faith in God! We pray these assemblies will reach the children in a meaningful way, and give them some time to reflect on the lessons of the Bible!

Please do be praying for the Children and Families' work, both in church and in the schools! We pray that this new school year will be a good one for all of the children, and one in which their faith continues to grow!

UCCF Latest news

Matthew Leung, UCCF Staff Worker in Keele and Staffordshire, writes:

If you had told me a few months ago that I would be starting my 2nd year back in Quinta with over 1000 students, I would've laughed! But thanks be to God, who's allowed UCCF to host Forum in person! Forum is an annual national training conference for CU leaders... In addition to teaching and seminars, Forum ran example evangelistic events, including Lunch Bars and even an actual Carol Service! (yes that meant singing Carols IN AUGUST), in order to give inspiration to those students who've missed out on a year of seeing how CU's put on events.

(continued)

On a more personal level, Matthew writes: It's been a while since I've inserted personal reflections into my prayer letter, but I felt it was much needed in this prayer letter. Last year, was honestly so tough, and until I was on my (much needed) summer break, I hadn't realised how tough I found it. There were many moments where I genuinely felt distant from God and as such felt unmotivated and even saw my ministry as a chore (which I'd never really felt before). There were even plenty of times where I felt like giving up. Although the past year was hard, God has shown me that it was not pointless. Seeing students so encouraged, working alongside such a great team, these are only a few of the great joys God has given me.

Matthew asks for prayer for:

- Keele and Harper Adams CU committees. Just before Forum, the President of HA and the VP of Keele, let me know that due to personal circumstances they had to step down from their committee role. This has had a big blow for both CUs. We're currently not sure if that means the CU can exist as an official society on campus, so please pray for wisdom and guidance for that situation.
- Kayley, Relay Worker at Keele
- Staffordshire CU, recently tried to do a collaboration with some other societies as a way to include more students as part of their evangelistic efforts. However, the president of one society was offended by the CU's views on same-sex attraction, despite the president explaining that it didn't mean they didn't accept or welcome those in the LGBTQ+ community. It has meant plans for this event may fall apart, as well as potentially being reported to the SU. Please pray that this situation doesn't escalate, but also for the softening of that student's heart.

Events planned for the beginning of the new term:

- September 27th - October 5th: Fresher Events for Keele, Staffordshire and Harper Adams CU.
- September 29th - Speaking at Keele CU's First Main Meeting on "What is CU?"
- October 4th - Speaking at Keele CU Lunch Bar on "Isn't Christianity Irrelevant?"

For more detail, see Matthew's newsletter in the folder under the Mission Matters noticeboard in the church centre.
