		12.30 pm	Pursuit Club Christ Church Academy
Wed	30th	9.00 am	Christ Church First School assembly
		3.30 pm	Trekkers

Approaching a late Easter

This year Easter falls almost as late as it ever can! Easter, also called 'Pascha' or 'Resurrection Sunday', is the Christian festival that commemorates Jesus' resurrection from the dead. The New Testament records that this took place on the third day after his burial following his crucifixion by the Romans at Calvary in ca.30 AD.

Why is Easter so late this year? There a several factors, including the moon's elliptical orbit and the occurrence of a rare 'Blood moon' total lunar eclipse on 13 to 14 March 2025. This eclipse will be the last full moon before the spring equinox. As a result, it delays the "Pink Moon" or "Paschal Moon," which is used to determine the date for Easter. The date for Easter is on the first Sunday after the first full moon that occurs on or after the spring equinox (in the Northern Hemisphere). So, this year the spring equinox fell on 21st March, with the next full moon (the "Pink Moon" and "Paschal Moon") being on 13th April. Hence, Easter Sunday is observed on 20th April.

Why does this matter? The Jewish Passover also begins on a full moon, the 15th of Nisan (the first month of the Hebrew lunar calendar), which coincides with the Pink Moon on 13th April 2025.

This tie in of dates is significant: *'Now before the feast of the Passover, when Jesus knew that His hour had come that He should depart from this world to the Father, having loved His own who were in the world, He loved them to the end'* (John 13v1). The end of what? The phrase 'to the end' means 'to the fullest extent, to the uttermost'. Jesus was about to pour out himself, a self-sacrificial act of love for us and for our salvation holding nothing back. He is the Redeemer of humanity through his death and resurrection.

As we approach a late Easter, we remember this great act of redemption. Jesus' death at Passover marks him out as the Passover (or paschal) Lamb who was slain so that the angel of judgment and death passes over us but falls on him, so that we may live.

Approaching a late Easter... (cont)

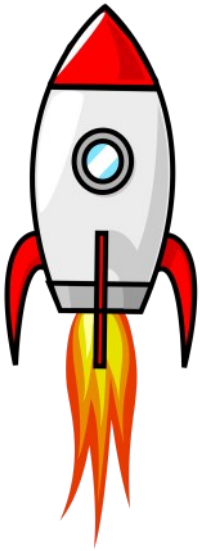
As we put our faith in what he did for us on the cross, so we can receive forgiveness and be reconciled to him. All who do so become part of God's redeemed people. The old life f sin and death has gone, the new resurrection life has started.

I hope that readers of this article will join us as we visit the events of that first Easter, rejoice in the joyful hope that Easter brings and commit ourselves to a new life and new lifestyle as we follow Christ for the rest of our days.

Paul Kingman

What is Starship Discovery Holiday Club?

Starship Discovery Holiday Club is a 4-day fun event for children aged 5 – 11 years run by volunteers from Christ Church, Stone and Oulton Church. We aim to teach the children some basic Christian values whilst having a great time together. To get the most out of it, the children are encouraged to come on all four afternoons, as the event follows a programme of Bible teaching and drama that follows through as the Club progresses, but children can also join in for shorter periods if they can't come every day.



The children can be safely left in our care; all volunteers have DBS certificates and parents are not required to stay. Each child will be placed into a small group, based on age, with dedicated leaders who will be responsible for him or her throughout the afternoon. However, not all of the time is spent in this small group, as there are some activities that all the children participate in together. During a typical afternoon we will have times of singing action songs, doing quizzes, learning together from drama, puppets and activity sheets, making things, playing games, and having refreshments. There is no time to be bored!

Starship Discovery Holiday Club... (cont)

The Club culminates in a special Holiday Club service at Christ Church on the Sunday morning, preceded by a breakfast to which all family members are invited. During this service we will review what the children have learnt and get a flavour of the fun they have been having during the week. We do hope that your children would like to be part of this adventure!

If you have any questions, please ring the Church Office on 01785 811990 or Sue Kingman on 01785 812669 who will be happy to answer them.

Sign up and pay online (all major cards accepted) **Just £6** for all four sessions!

Peter Cuthbert

A man about the house

In September last year my dear husband Terry had to take up residence in St Mary's Nursing Home. He'd got too frail for me to look after him at home despite various friends and neighbours rushing round to help lift him off the floor. Terry had left all the practical decisions to me for some time so I was able to carry on day to day calmly. I still had our whippet Jac needing my care and attention.

Just after Christmas this faithful companion lost his battle with kidney failure. I was now alone in the house. It was unsettling to be coming back to empty rooms instead of a greeting from a wagging tail.

Then I became aware that I did not feel lonely! As I took every decision in prayer to my Wonderful Counsellor I felt that a loving hand was guiding me and supporting me. I didn't have to worry about domestic problems. I was experiencing the peace of the Lord. I learnt a new song from Eloho – 'He is here, hallelujah!'

I am NOT alone! I have a Man about the house.

Monica Darlington

MISSION PRAYER DIARY

WEEK ONE: JIGSAW KIDS MINISTRY

FOCUS: TIM & KATE LEE IN THE PHILIPPINES

In Manila, there are many children and families living in extreme need, poverty, vulnerability and harm. Angeles, Manila is one of the worlds largest centres for the sex industry which makes it one of the most 'at risk' places for children in the world. But God has been equipping Tim and Kate to bring the light of Jesus to so many in need and provide practical help to change peoples' lives.

DAY	PRAYER POINT
01 Apr	Thank God for the generous amount of money that was raised for Manila following the Christmas appeal. With this money, Tim and Kate were able to action plans to build on the land they bought previously.
02 Apr	Thank God for the ministries that are already happening on the plot of purchased land under the shelter of a tarpaulin (life groups, literacy groups, etc) and that the culture of God's love and kingdom is growing.
03 Apr	Pray for protection from the storms and rain as they wait for the building to be built and that the groups may continue to run despite the less than ideal temporary conditions.
04 Apr	Thank God for the talents of Victor (who knows Tim through their church in the Lake District) who is drawing up the detailed plans for the building.
05 Apr	Tim is going to Asia to work with the Philippines leadership team to project manage the construction of the building. Pray for God's power to make straight paths for the building planning and construction.
06 Apr	Pray that through all these ministries, the children and adults of Manila may come to know God is and accept Him as their Lord.
07 Apr	South East Asia is facing another heat wave with temperatures rising up to 38°C. Please pray for the health of the staff as they work in this heat and that Jigsaw's water initiatives will continue to thrive.

MISSION PRAYER DIARY

WEEK TWO: BARNABUS

FOCUS: MAURITANIA

Barnabas Aid is an international aid agency that aims to support Christian communities, churches and individuals around the world who face persecution and discrimination because of their faith. This week, we'll be focusing on Mauritania, where only 0.2% of the population is Christian and apostasy from Islam is punishable by death.

DAY	PRAYER POINT
08 Apr	Praise God for the Christians in Mauritania that are living out their faith depsite the very real threat of death as a consequence.
09 Apr	Praise God for the 15 believers that were able to get baptised recently. They were arrested for their 'crime' but were released and advised to practice their faith secretly, praise God that they are still alive!
10 Apr	Thank God for the brave Christians that protested against the apostasy law in 2020 and received fines/prison sentences instead of death - pray that God would continue to protect and encourage them.
11 Apr	Pray that 'blasphemous speech' and apostasy from Islam will cease to be mandatory capital offenses.
12 Apr	Pray that the government of Mauritania will be moved to repeal Article 306 to allow greater freedom for citizens to choose their faith.
13 Apr	Pray that the small but growing number of Christian converts meeting in secret will grow in the knowledge and love of the Lord as they build one another up in faith.
14 Apr	Pray that God would be transforming the hearts of the Mauritanian government, that they might come to know Him as their Lord and Saviour personally and that justice would prevail.

MISSION PRAYER DIARY

WEEK THREE: CMS PARTNERS

FOCUS: E+R IN SE ASIA

Good theological training for pastors and other Christians is much rarer in SE Asian countries. But God has equipped E+R to help people get to know God and serve others better through Bible study, theological training, pastoral care and establishing links with CMS Asia.

DAY	PRAYER POINT
15 Apr	Since he started in September, A has been getting to know everybody and settling in well as the church's team leader. Thank God for this blessing and pray that He would continue to encourage A in his work.
16 Apr	Pray for the new life groups that the church has started up, that God would use these groups to build up the church and deepen their understanding of who He is.
17 Apr	W church has recently done a series on the Fruit of the Spirit. Pray that the congregation will be transformed in the long-term by these truths, even after the sermon series has ended.
18 Apr	Praise God for the growth of J, W's local-language sister church, that has connected with dozens of local families through the after-school children's programme every weekday afternoon.
19 Apr	Many of the families that have connected with J church attended their Christmas event and heard the real Christmas story. Pray that this would be more than a story to them and would change their hearts.
20 Apr	E reconnected with some old students of his who have started to teach the Old Testament to others. Praise God that E's work has been fruitful and pray that God would be glorified through their teaching.
21 Apr	E+R had to move house in the space of 2 weeks following the landlord's succesful sale of the house they were living in. Thank God that they were able to find a new house in good condition quickly.

MISSION PRAYER DIARY

WEEK FOUR: BARNABUS (pt2)

FOCUS: KYRGYZSTAN

Since the end of Soviet rule in 1991, Islamic practices have experienced a revival in Kyrgyzstan. Pressure on Christians has also increased, especially since 2009, with the introduction of various restrictive laws. This week, we'll pray for the Christians in Kyrgyzstan.

DAY	PRAYER POINT
22 Apr	The Religion Law of 2009 prohibits "illegal missionary activity" - any missionary or evangelistic activity by a group not registered with the government. Pray that God would protect Kyrgyzstan's missionaries.
23 Apr	Pray for those who have decided to convert from Islam to Christianity, who are the most targeted Christians for persecution. Pray that God would strengthen their faith and love for Him despite the oppression.
24 Apr	Praise God that the church in Kyrgzstan continues to grow despite persectution.
25/26 Apr	Pray that God will provide for the spiritual, emotional and practical needs of new believers who are experiencing serious economic hardship and business boycotting because of their faith.
27/28 Apr	In Kyrgyz culture, what happens to the body after death is of great concern and Christians struggle to arrange burials in public cemeteries. Pray that cemeteries that allow for Christian burials will be found by Christians looking for them.
29 Apr	Pray that the Church will advance, whatever constraints the stringent new religion law imposes.
30 Apr	Thank God for Christian pastors and church leaders across Kyrgzstan and pray that God would give them wisdom as to how to run their churches in this hostility and keep their congregations safe.

"Whoever dwells in the shelter of the Most High will rest in the shadow of the Almighty. I will say of the Lord, "He is my refuge and my fortress, my God, in whom I trust." - Psalm 91 v1-2

February 2025

Another active month for me – you just never know what each week will bring!

The most memorable incident was about 3 weeks ago when the water level on our stretch of the Trent and Mersey canal dropped very low. Many of you will have noticed that for about a month CRT (Canals and River Trust) were doing work on the landing stage just outside M & S and so the Star Lock was closed for part of the time – this, and being winter, there had been little movement through the 8 locks of Meaford and Stone to bring water down, so the lack of water flow plus the lock at Aston being particularly 'leaky' the level in the pound (the Pound is the stretch of canal between two locks) between Star Lock and Aston Lock had dropped much lower than I had ever seen it before. So, on a particular Saturday afternoon I was out walking the dogs and found a boater stuck fast under Andre Mills Bridge number 92 (by St Michaels school). This was a lone female boater but she was okay – I left her my name and number in case she needed anything, but she was happy to wait it out and hope the water levels rose. We had been assured that CRT had been contacted and we found out from another source that plans were afoot to try and raise the water levels. As this would involve opening many of the locks right up the system it had to be left to the experts to sort.

As I walked back to our house I spotted another boat coming along – I flagged them down to let them know they could go no further! They had come up through Aston Lock from Great Haywood, had then heard about the water levels and were looking for a place to moor – however that was not easy as they could not get near the bank because of the low water. They ended up having to stop under Brassworks Bridge, number 91, for the night. They also had another problem with their water supply on board which was leaking and they needed a hardware shop to get the right connector. It was about 4.00pm by then so I quickly took the dogs back to our house, got the car and gave the boater (who turned out to be a Street

Pastor from Yeovil in Somerset) a lift up to B & Q (Mountfords was shut!) where he got the correct parts and was able to mend the water leak. I left them with my name and number just in case. Everyone stayed put overnight – the next morning when I did my usual dog walk the boater under bridge 92 had moved on so it seemed that the water had come up and the way was clear. However, I found out later that the second boat had got stuck again just by Star Lock later in the day (you may have seen this on FB) and they messaged me later in the week thanking me for the help and to say they had also got stuck at Etruria!! Not a good outing!

I also had a couple of trips out to Armitage to help a boater there with CRT and his mooring and licence. Sometimes it can be tricky if you are usually a continuous cruiser but then have to stay in one place while receiving medical treatment, such as chemotherapy. The other assumption is that everyone can easily use a smart phone and apps which of course is not always the case. We ended up in the nearest pub/restaurant so we could use my laptop and Wi-fi to do the admin!

I really enjoyed being involved in the licensing and commissioning of two of our Chaplains, Amanda and Steven at Lichfield Cathedral on 16th Feb. This was a lovely service and good that the Dean of the Cathedral is so supportive of the Chaplaincy. I also, along with another Chaplain, Andrew, gave a talk about WWC at the Annual Lay Readers Day at Yarnfield this last weekend – you never know, we may raise a few more Chaplains to do this essential work.

Please pray for all the boaters and everyone along the towpath in our lovely town of Stone.

'Do justly, love mercy and walk humbly with your God' – Micah 6:8

God bless, *Helen*

Spring Term

Since our last update, the children at Christ Church have been really busy. The end of the year brought with it our Christmas performances in church and in school. We also held our Christmas carol concert in church which is always a lovely community event.

After Christmas the children have enjoyed a wide range of activities. Year 3 have completed their Wilderness School sessions and learnt how to light fire and cook campfire bread as well as creating shelters for the Iron Man.

A small group of children also participated in a team building session at Clip and Climb in Stone. This event was designed to build resilience and focus on working as a team. The children really enjoyed the morning and learnt a lot about themselves in the process.

Children in Reception and Year 2 visited Brampton Museum. Year 2 have been studying Florence Nightingale and enjoyed a workshop about the nurse to consolidate their learning. They really enjoyed the morning as they got to dress up and see first hand what life was like at that time.

We held a Break the Rules Day fundraiser before February half term, which was really popular. Children really enjoyed eating unhealthy snacks on the playground and having their pudding first at lunch as well as wearing makeup or having coloured hair!

We were treated to a live music concert from the peripatetic music teachers from Entrust. This year the children went on a journey around the world through music. We always enjoy this concert and music is a big feature of life at Christ Church.

Most recently, we have welcomed an author into school. Angela Marie James joined us for World Book Day and the children listened to her read poetry and riddles from her books and then took part in workshops to write their own poems. Year 4 also attempted to write their own riddles. This was a great day and was enjoyed by everyone. *Amy Graham*

Children's Society Boxes

Thank you to all who gave so generously to the Society through the box collection. £293.87p has been sent to the Society towards their valuable work with vulnerable children in the UK.

Despite all the hardships 2020/21 presented, in total House Box Networks still managed to raise an amazing £760,000 to help vulnerable children in this country. Thanks to your contribution we were able to support both young people and carers in the UK.

If you would like a House Box please let me know. *Sandra Morray*

Stop to move forward

The world is a busy place. Whether it's the speed of news flying at you, the amount of things you have to fit into 24 hours (whether you have kids to negotiate or not!) or just the way everyone needs something *now:,* it's exhausting.

Our lives at church can be no different and it can be hard to find the time, or the energy to stop and think about anything, let alone our 'calling'. We all have one. Even serving coffee is one.

This Easter we're not only trying to slow down and stop to remember God's amazing love for us but Bishop Michael is also offering us an amazing opportunity to slow down, take stock and join in the adventure, the journey, the strategy of the diocese – to grow our faith and love our communities 'following Christ in the footsteps of St Chad'. For many this may feel like 'yet one more thing' to 'do' or find time for – and that would be an understandable response. In reality however this isn't what the strategy is – it's an amazing opportunity for us to stand together and move forward for a common purpose.

It's one of those 'we're stronger together' moments.

We won't all move forward in the same way – we're all different and unique and can bring amazing talents, opinions and gifts to the diocese.

Stop to move forward... (cont)

For some of us this is totally overwhelming – 'I don't have anything special to offer', 'I'm too tired to think about this' or 'I have too much to do'. This is where Chad Foundations can help. Chad Foundations can offer the chance to slow down and have chance to actually think about what we think! To ask ourselves what we believe and why. Chad Foundations can give you the space to reflect on what you are good at, what you are passionate about and maybe how you can use these things to help God and others.

It might sound crazy to take on a nine-month course to find space; and it is a commitment. You will need to find time, and for some that might mean stopping something you currently do, or stepping back from a church position for a little bit. Sometimes though, we have to stop to move forward.

We would love to see you at Chad Foundations. The next course starts in September and applications are open now. If you want to know more please check out www.lichfield.anglican.org/chad-foundations

Helen Scheven works as part of the diocese's Vocations & Training team, helping those interested in lay ministries including Chad Foundations and Reader Training.

Contact her at helen.scheven@lichfield.anglican.org or visit the team's website at lichfield.anglican.org/vocations-and-training.

Nature's calendar for Easter

In the past, plants were more important for people in charting the passing year than they are now. Many flowers have names that link their flowering time to that of the church calendar with several associated with Eastertide.

Greater stitchwort (*Stellaria holostea*) was also known as Easter Bell and Good Friday Grass is still a commonly used name for Field Wood-rush (*Luzula campestris).* Good Friday Grass is a frequent component of churchyard grassland, particularly in places with either acid or lime-rich soils

It's brush-like flowers are quite subtle but always appear in time for Easter. Another name for it is Sweep's Broom due to the flowers' shape.

Another small but beautiful plant to look out for at this time of year is Wood Sorrel (*Oxalis acetosella)* which has several names including Cuckoo's Bread and Cheese, Granny's Sour Grass and Alleluia as its delicate white flowers appear between Easter and Whitsun, and its trefoil, shamrock-shaped leaves bring associations with the Holy Trinity.

Pasqueflower (*Pulsatilla vulgaris)* also blooms at Easter time, the name Pasque meaning 'of Easter'. It is now rare in the wild, found in a few places where there is ancient, undisturbed grassland on limestone. It is often associated with old earthworks such as barrows, hillforts and boundary banks and there was a legend that it grew where the blood of Danes or Romans had been spilt. (Flora Britannica, Richard Mabey).

It's not only flowers that chart the passing months and the Christian calendar. St Mark's Fly (*Bibio marci)* is a long, black, shiny fly which hatches around St Mark's Day, April 25th. Large numbers of flies can be found in woodland edges, hedgerows and fields often mating in mid-air giving then the alternate name of Love Bug! They fly rather aimlessly with dangling legs, usually surviving as adults for about one week and getting eaten in large numbers, providing a ready food source. They are also an important pollinator of early flowering trees such as many fruit trees.

As you watch the spring unfurling, spare a thought for our ancestors who used nature as a calendar and lived much closer to a profusion of plants and animals than we do now. Perhaps this could be an inspiration to get involved in nature recovery in our much depleted land.
